

ION VCR 2 PC Directions

1. Make sure USB cable from the VCR is connected to the computer.

2. Click on the EZ VHS Converter icon:

3. On the next screen, click VCR 2 PC.

4. In FILE NAME, enter the name of your recording.

5. Select the duration if you would like the recording to stop automatically after a certain number of hours and/or minutes (this is optional).

ION VCR 2 PC Directions

6. Insert videocassette in VCR 2 PC; the cassette will begin playing automatically.
7. Use the REWIND and FAST FORWARD buttons on the VCR to find the beginning of the section you want to record. Push the PAUSE button on the VCR.
8. When you are ready, click RECORD on the computer and immediately push PLAY on the VCR.
9. The video will begin recording.

10. When finished, click STOP on the computer to stop recording. Click Yes to confirm.
11. Now you can burn the file to a disc.
