

Archival Collection Finding Aid

TITLE: Andrew “bunnie” Huang “Hacked Xbox” Collection

ACCESSION NUMBER: 2018.95

CREATOR: Huang, Andrew

INCLUSIVE DATES: 2001-2006

QUANTITY: 1.5 cubic ft. (4 boxes)

LANGUAGE: English

ABSTRACT: Andrew “bunnie” Huang received his Ph.D. in electrical engineering from M.I.T. in 2002. His interest in reverse engineering and the hacking of consumer products led him to write *Hacking the Xbox: An Introduction to Reverse Engineering*, which was released in 2003. This collection contains periodicals, newspaper clippings, books, correspondence, legal documents, print outs of digital articles, contracts, project proposals, and photographic prints related to his career and the Xbox hacking.

ALTERNATE FORMS: Digitized items from the collection can be found online at <https://www.thehenryford.org/collections-and-research/digital-collections/>.

RELATED ITEMS: Related items in the collections of The Henry Ford can be found online at <https://www.thehenryford.org/collections-and-research/digital-collections/>.

ACCESS RESTRICTIONS: The collection is open for research.

FINDING AID PUBLISHED: October 2018
